

Ironbark Asset Management partners with Fiera Infrastructure

– FOR RELEASE ON 24 MAY 2021 –

24 MAY 2021

Ironbark Asset Management ('Ironbark') is pleased to announce its strategic partnership with leading independent infrastructure firm Fiera Infrastructure to provide Australian and New Zealand-based investors access to Fiera Infrastructure's unlisted mid-market infrastructure strategy and industry leading returns.

Ironbark's Head of Funds Management, Alex Donald, comments "We're pleased to be partnering with Fiera Infrastructure for our institutional and wholesale suite. To be partnering with a manager which is a leader in global infrastructure, backed by a highly specialised and deeply experienced team will be an exciting offering for investors in the Australia/New Zealand market."

President of Fiera Infrastructure, Alina Osorio said Fiera Infrastructure was drawn to Ironbark as a key provider of investment solutions in Australia. "Australia is an important market for Fiera Infrastructure and we are looking for strategic investors in our flagship EagleCrest fund, an open ended fund that invests in mid-market core and core-plus infrastructure equity investment opportunities in OECD countries. We are delighted to partner with Ironbark, given its strong relationships and knowledge of the local Australian/New Zealand market.

Donald comments further "Fiera Infrastructure is underpinned by a highly experienced team, members who have been pivotal in developing and leading the infrastructure sector globally."

"With its global mid-market, core and core plus focus, Fiera Infrastructure is able to offer investors access to investment opportunities that provide return diversification derived from large infrastructure assets, while providing strong diversification across geographies and infrastructure subsectors with the aim to deliver attractive risk adjusted returns."

With over USD\$2 billion in assets under management, Fiera is an affiliate of Fiera Capital Corporation, a global independent asset management firm with over USD\$137 billion in assets under management (traded on the Toronto Stock Exchange; TSX:FSZ).

As a signatory to United Nations Principles for Responsible Investment ('UNPRI') and a member of the Global Real Estate Sustainability Benchmark ('GRESB'), Fiera Infrastructure applies rigorous ESG standards across all lines of its business and further to implement ESG overlays for its strategic offerings.

The strategic offering will be available to institutional investors across Australia and New Zealand through Ironbark.

For more information about the Fiera Infrastructure offering or Ironbark's growing suite of investment solutions, please contact Alex Donald.
